

LaGrange County RC Club

June 2005 Newsletter

President Jim Reick opened meeting at 7:00 pm at the landfill field. 15 members were present. Minutes from the May meeting were read and approved. A treasurer's report was given as \$774.62 and approved.

Old Business: The shelter was addressed again and it still stands that if we don't hear from the Commissioners by the July meeting, we will build five more field stands and still pursue the shelter to be included in next years budget. Greg stated that when balancing the books some outstanding checks written to members have not cleared and he would like to see them cashed. Jim acknowledged in behave of the membership the excellent shape that field is in. Greg has painted anew the field sign at the gate and Dick and Jerry sprayed for weeds and the mowing by Dave is great. The Fun Fly was reviewed and it went well in spite of the weather. Good job by the committee and those who always pitch in.

New Business: The gate lock continues to be a problem and a solution seems to be a keyed lock approach. A new keyed padlock has been purchased. Keys will be available for \$2.00 from Jerry. The old combination lock will be on the gate along with the new keyed lock until Sunday. Sunday, the combination lock will be removed and only the keyed lock will be on the chain. This should solve the problem once and for all and should stop the on going hassle with combination locks. The old combination lock will be used for the boat that is chained to further most south pine tree along the drive. This is for use when retrieving floatplanes from the pond. You must bring your own oars or in the first building behind the southwest man door is a trolling motor donated by Gordon. Use this with your field battery. The combination is the same on the lock (9804). Another Fun Fly is scheduled for July 17th. Final plans to be reviewed at out July 12th meeting. Tuesdays at 6:00 in the evening has been designated as a scheduled fly evening. We hope to see some that have trouble flying on week ends to join us. Probably some will start earlier and some later. Let's see how it goes. Steve Tetrick has the information to renew the lease. We have two new members: Keith Stanton and Mike Eagan. Both of these gentlemen are long time fliers and we welcome them to our group.

Editor's comments: Meeting night was windy and no one flew. We had left over hot dogs and pop and Dave Herr brought some pork from his hog roast. About the only thing flying was a lot of Bull xxxx! A good time was had again in spite of the weather.
