

LaGrange County RC Club

July 2006 Newsletter

President Craig Parham opened meeting at 7:00 pm at the field 8 members were present. Minutes from the June meeting were read and approved. A treasurer's report was given by Craig in Greg's absence as \$474.61 and approved. Three hats in stock

Old Business: The door on the building has been repaired so access to the push mower will be easier. Be cautious of the wasps. Jerry brought the CDW wood treatment to the field and Gordon will apply it to the picnic tables this week. The first aid program will be postponed until the August meeting.

New Business: The fun fly for August has been set for the 27th. The theme being odd and weird planes. Details to be developed during the August business meeting. Eric and Ed said that they could provide a grill. Dick suggested that he could build an outhouse and will submit a cost to the club for materials. The outhouse will house a portable port-a-pot. Our lease is due about the middle of August. Craig is to get with Steve Tetrick and start the legalities. Jerry thinks that he can procure a set of oars. If not, anyone knowing of some for about \$20 is to check with Craig. August 6th has been designated a float fly day for the club. Flying will be both at the field and pond that day.

Editor's Comments: It rained on the meeting night. We had a good bull session and only one flier brave enough to fly was Brian Chobot. It was real windy and he did well albeit a rough wind landing.
