

LaGrange County RC Club

January 2007 Newsletter

President Craig Parham opened meeting at 7:00 pm at the Candy Factory 16 members were present. Minutes from the December meeting were read and approved. A treasurer's report was estimated by Jerry in Greg's absence at \$510.96 and approved. Ten hats in stock.

Old Business: Jim will be emailing the membership for attendance for our second annual Ladies Night Out on Valentines Day February 14th.

New Business: The gate was discussed and it was decided to remove the small chain so that it can not be used to lock the gate. The heavy chain is to be used with all padlocks in series so anyone of them can be used to gain entry. The field extension was discussed. The idea is to extend it to the south from the helipad. This will allow more of a longer low approach for those not flying the larger gas planes. In the spring it will be mowed and then reviewed for fill. Jim will be presenting a program for the March meeting on the insurance coverage that we get from AMA. This will be his second presentation on the subject and is a must hear.

Editor's Comments: We had a good turnout. No program was scheduled so we had a round table discussion which is always interesting.
