

LaGrange County RC Club

October 2007 Newsletter

President Ed Chobot opened meeting at 6:00 pm at the field with 14 members present. Minutes from the September meeting were read and approved. A treasurer's report was given by Jerry in Jim's absence. We have \$611.96 in our checking account. Nine hats in stock. All reports were approved

Old Business: The purchase of the garden tractor was discussed and its purchase was approved. A check for \$250 was given to Vern to be passed on to Butch. The solar charging system was discussed and tabled until spring. Estimated cost \$50. The field batteries will be stored by Jerry until spring.

New Business: The club lease was discussed. Jerry and Steve gave a presentation on the lease activity to date. The new lease is in process and we should be getting it soon. The idea to incorporate as a not for profit corporation was discussed. The decision on this was tabled until all questions could be answered. It will be reviewed during the winter months. Our insurance representative will be calling on the county attorney and review our coverage with him to quell any concerns. We question whether incorporating will allow the corporation to sign the lease. Another reason to forestall a decision on this. A new member John Cline was introduced. Eric has arranged for us to meet at the LaGrange Community Building for the winter months. Next meeting will be there on November 13.

Editors Comments: The field has been kept in excellent condition this year. The expansion has met more to mow but sure is a welcome addition.
